Special Wall Finishes:

Antique Red Grey

Tudor Brown Buff

Cotswold Stone Pennine Stone

White Cream Light Blue Light Grey

Enviro Green Colonial Blue Storm Grey Anthracite

French Stone Magnolia

Palace Grey White

Please see back page for pricing & details of how to price Special Wall Finishes.

How To Price Special Wall Finishes

1. Work out linear feet needed by adding length of building sides + front + back. Then minus width of any side & main doors & full length windows. Eg. 16 x 8 with side door = 16 (left side) + 16 (right side) + 8 (front) + 8 (back) = 48. Less 3 (side door), less 7 (main door) = 38
2. Multiply this by the relevant price at the right of this page (eg. for brick 38 x 80 = £3,040)
3. Add total to the basic building price

Price per linear foot	
Sectional Brick / Stone	80
Garaclad / Textured Render	105

Special Offer Package

At Lidget Compton, we offer a special **maintenance free package** offer on our Pent and Apex garages.

This package adds a host of maintenance free features to the standard building.

Once you've chosen the shape of your building, **find the package price below and simply add it to your building price.**

- ✓ **White PVCu fascias and vergeboards**
- ✓ **PVCu Gutters (Choose from White, Black or Brown)**
- ✓ **4' (1.22m) fixed white PVCu double glazed window**
- ✓ **Sand and cement fillet**

Concrete Base Information

A Lidget Compton Building Is Only As Good On The Base It Sits On

There are some very important factors to take into account when considering a concrete building. We cannot build on tarmac, paving blocks or slabs as they are inherently unstable. Any building is only as good as its foundations, and this holds true for our buildings as well.

Your base will need to be square (meaning all the corners are 90°) flat and level. It should be above surrounding ground level by a minimum of 1". It should be 6" longer and wider than the external dimensions of your building. Please don't build your base with any fall.

If your drive slopes down to the garage, you will need to put in a gulley to take away the water, if there is a wall or bank around the building, you need to ensure adequate drainage. Our agents will provide advice, and will often provide a service to replace, refurbish or provide a new base.

You may also need Local Authority approval, either planning or building regulation. You may obtain advice from your agent, but you will need a letter of confirmation to be absolutely sure.

GOOD BASE POSITIONING

POOR BASE POSITIONING (CORNERS NOT AT RIGHT ANGLES)

IF THE DISTANCE BETWEEN A-B IS EQUAL TO C-D, YOUR BASE IS SQUARE

10 Year Guarantee

Lidget Compton offer a full structural guarantee for 10 years from the date of installation of your building. The guarantee is transferable, and is subject to the proper following of the Care and Maintenance Instructions supplied with your acknowledgement of order. See www.lidget.co.uk/10yearguarantee

Prices in the Lidget Compton price guide all include delivery and installation. Delivery is to mainland England, Scotland and Wales, and includes carrying your building up to 25 yards (23 metres) on a reasonable surface from our parked lorry to your concrete base. We are unable to deliver through your house or outbuildings for safety reasons.

Prices include VAT at the current rate of 20%. Should this rate change, we reserve the right to adjust prices accordingly. Prices include installation of options ordered at the time of ordering the building. Options ordered after delivery and installation will be quoted separately. **Sizes quoted are external measurements.**

Information correct at time of printing. Terms & conditions apply. We reserve the right to change product specification without notice. E&OE.
